Selectmen's Meeting

NOVEMBER 29, 1983 - by Virginia Arral

W. MORGADO APPOINTED DEPUTY FIRE CHIEF

At the recommendation of Acting Fire Chief Donald Wood, the Board of Selectmen Tuesday appointed Walter Morgado, 43, as Deputy Fire Chief.

Citing his 20 years plus as one of the original fire engineers, Wood said Morgado has taken turns over the years as a deputy chief and is well qualified to handle the duties.

Chief Wood reported he has given full reign to Ronald Scott to handle the maintenance of the fire trucks; Alfred Sears to care for the fire station and to Paul Kelley to continue as fire alarm superintendent.

Wood outlined his plans for the fire department and wanted Selectmen to know what changes he has in mind. Foremost, Wood said, "I've made up my mind not to pump any more cellars - it's expensive and ties up our equipment. Many of the calls are repeats and come from people who have done nothing about their problems." He added, "There are plumbers in town who do this work, and we shouldn't be in competition with them."

The acting chief cited a recent case of a request to pump out a boat. I refused, he said, but I gave the names of businesses who could do it. "When I got a call to pump out a summer cottage recently, I realized this ties up equipment that could be needed elsewhere on something more important, and I decided to put a stop to it," said Wood.

Selectmen supported the acting chief's decision and the department's new policy, especially under the town's budget problems with Proposition 2½.

Wood explained, only in a "dire emergency", such as a furnace flooding in the cold weather, will the department come out to pump cellars. He added he wanted Selectmen to be aware of his plans before

residents began calling their office with complaints.

On a similar matter, Selectmen agreed they should investigate the revamping of the fire alarm system in the Town Hall. They agreed an article should be placed in the annual warrant to seek funds for the system. An inquiry in 1980 showed the fire alarm box would cost about $9,000. It was noted an update of the system would result in an insurance credit.

The board commended the fire department and the police department for the planning that went into the first class tribute to Paul Bradley, who gave so many years of service to the town as its fire chief.

In other business Selectmen:
ACCEPTED AN OFFER FROM THE MEDEIROS BUS COMPANY - "A really super thing to do!" exclaimed Selectman Frank Suzan, at the offer of the Medeiros Bus Company for the use of the company's buses free in the event of an emergency in town.

Ralph Souza, safety director for the Fairhaven bus company, told Selectmen that his company makes a living in this town with the school bus contracts, so feels they want to help in an emergency.

Souza outlined the various ways the bus company could help, such as a big fire in cold weather when the fire and police departments could warm themselves and get coffee in a heated bus; a multi-accident on Route 195; natural disasters such as floods or hurricanes.

The safety director explained that the two-way radio service is available 24 hours a day, and even if there is a power outage, they have portable generators. He noted they are working closely with Andrew J. Santos, business manager for the Old Rochester School District, and that the company intends to extend the same offer of assist-

Souza said the town of Fairhaven has had the emergency help plan since 1977 and that he will provide Mattapoisett Selectmen with a copy of Fairhaven's plans of operation.

A letter from John J. Medeiros, Medeiros Bus Company president, read, in part: "As the owner and chief operating officer, I wish to convey my willingness to assist you and your town in time of an emergency. At some time, due to a natural or unnatural disaster, transportation can play a vital role in the safety of persons involved. I am ready and willing to develop a comprehensive working partnership with any department within the town to offer an effective action-type program."

Selectmen agreed that Alfred Sears, whom they appointed Civil Defense Director, should be in charge of seeing that the bus company is called when needed. A meeting will be scheduled with the town's Fire and Police Departments, Civil Defense director and bus company officials to develop a comprehensive plan.

MET WITH Paul Kelley, fire alarm superintendent, to discuss the wiring problems at Village Court Housing for the Elderly.

Kelley contended there is a violation of town regulations. He said wiring to the fire alarm box is done improperly. "The original plans were O.K., but what with five or six different clerks of the works, work was not done according to these plans." He added that he has never signed off the completion of the work.

Selectmen Chairman John DeCosta explained the contractor has been notified that there is a punch list of items to be corrected and, the board understands, that they are being worked on by the contractor. DeCosta also recommended Kelley check with June Mendell, Housing Authority Executive Director, on developments and with Acting Fire Chief Donald Wood.

WERE NOTIFIED that Mattapoisett will receive the same amount of federal Revenue Sharing Funds for each of the next three years as was received last year - $115,000.

Chairman DeCosta noted the town will not be required to conduct a public hearing on

HELD a joint meeting with Lloyd Haskell, harbor master, and Al Pauline, shellfish warden. Selectmen heard reports of the recent storm noting that a boat was washed ashore in the marshes at Brandt Island Cove.

Pauline said the storm caused a disaster to the seed clams and quahogs in the Hiller's Cove area. He also said moorings left in all winter cause problems for the scallopers. They can't tow a scallop dredge when moorings are left in all winter as they tie up lines, Pauline said. "We definitely need a plan to correct this."

RECEIVED a letter from David Bordeau, SMU student, who submitted a resolution regarding acid rain in Massachusetts. His letter cited the damage done to water supplies and ponds in New England, and especially Massachusetts.

Thank You

We would like to extend our gratitude and appreciation to all the special and wonderful people who have reached out to touch our lives.

It is a comfort in any time of sadness to realize just how much the people in our community really care; from the promptness of the ambulance crew, the concern of all who prayed with us during our vigil, and to all who shared our final grief.

The words thank you will never fully express how we feel, but they are meant from the bottom of our hearts.

Collaborating with Mr. Dickson is Boston conductor Benjamin Zander who has been praised by critics for his "innovation, musicianship, and dramatic flair". Mr. Zander founded the Boston Philharmonic which is one of the finest community orchestras in existence. In addition Mr. Zander is a member of the string and chamber music faculty at the New England Conservatory.

The Boston Classical Orchestra is the only professional orchestra to perform on a regular basis at Faneuil Hall. The residents of southeastern Massachusetts will have the opportunity to attend an enriching musical experience in March. The HOMESTEAD was built in 1835 for Joshua Briggs Tobey and Susanna Keith Pratt. They had four sons but only one son, George Oakes Tobey, married. It is his daughter, Alice, who at her death left a bequest for a hospital to be known as TOBEY HOSPITAL. Originally, the HOMESTEAD was to be the hospital but times called for a new building and when the hospital was completed in 1940 the HOMESTEAD became the Nurses Home. One of the interesting features of this gracious house is the front door which is pictured on the cup plate. The glass panels on either side of the door and the fan over the door are heavily leaded both inside and outside. The plate with its pleasing reproduction is a project of THE TOBEY HOSPITAL GUILD.

The Tobey Homestead Cup Plate will be introduced FOR SALE at The Homestead, Main Street, Wareham, December 14th from 11:00 a.m. to 4:00 p.m.

Your health is *your* responsibility.

Where you go for health care is *your* choice.

It is your right and your responsibility to choose what is best for you.

And as people recognize their rights and options, as they take a more active role in their own health care, more and more of them ask for Parkwood Hospital.

Why?

Because at Parkwood we believe our patients have a right to *more* than just the highest quality healthcare available. You have a right to be treated with individual compassion, commitment, and caring by a professional staff dedicated to your entire wellbeing.

sy Sheehan, School Program Specialist for the Center.

Winter Botany will focus on identification of the plants and trees of southeastern Massachusetts. Using different strategies, course participants will learn to distinguish local species by the twigs, buds, leaf scales and bark. Through hands-on activities and the use of field guides, the group will practice the skills necessary to become familiar with plant species during the winter season.

Participants should meet at the Lloyd Center promptly at 10 a.m., dressed in layers of warm clothing, hats and gloves, to assure their comfort during the outdoor segments of the program. They should also bring a bag lunch with them. Hand lens and identification guides will be provided by the Lloyd Center for use during the day. To register and get additional course information please call the instructor, Betsy Sheehan, at 990-0505.

Dog Shows

Two back-to-back dog shows will be held at the Hynes Auditorium in Boston for the first time this year.

On Friday, December 16th, the North Shore Kennel Club will conduct its all-breeds, benched show with obedience trial.

On Saturday, December 17th, the Eastern Dog Club will hold its all-breeds, benched event with obedience trial by the New England Dog Training Club.

Lynn A. Haugen of Mattapoisett placed third in the Veterans' Class of obedience at the 1982 Eastern show.

Both shows will also feature the popular Junior Showmanship Competition for boys and girls ten to sixteen years of age.

An added entertainment feature of the Eastern Show will be a late afternoon performance by Gracie Hanneford and her dogs.

The hours for the North Shore event will be 12 noon to 8 p.m. on Friday and the Eastern show will run from 9 a.m. to 8 p.m. on Saturday.

A portion of the proceeds of both shows will be donated to the Tufts University School of Veterinary Medicine. It is now in its fifth year of operation offering a four-year curriculum leading to a D.V.M. degree.

"Nutcracker"

RETURNS TO THE ZEITERION THEATRE

The Festival Ballet, under the co-direction of Christine Hennessy and Winthrop Corey, will present Tchaikovsky's ever-popular holiday favorite, THE NUTCRACKER, at the Zeiterion Theatre in downtown New Bedford on Saturday and Sunday, December 17 and 18, with matinee and evening performances both days.

This traditional holiday dance event will star Patricia Dubois as the Sugar Plum Fairy, Winthrop Corey as her Cavalier, Clyde Nantais as Drosselmeyer, Elizabeth Corey as Clara, with a guest appearance by Michael Thomas.

The ballet takes place on Christmas Eve at a party given by President Silberhaus for his children, Clara and Fritz. The children's godfather, Councilor Drosselmeyer, gives Clara a nutcracker in the shape of a little toy soldier. After the party, Clara dreams that her toys are attacked by mice and she manages to save her nutcracker. The nutcracker magically transforms himself into a Prince and takes Clara on an enchanted journey through the Land of Snow to the Kingdom of Sweets.

Patricia Dubois, who will perform as the Sugar Plum Fairy, is a soloist and principal dancer with the Festival Ballet. Miss Dubois was born in Pawtucket, Rhode Island and has studied with E. Virginia Williams, Herci Marsden, Ann-Marie Sarazin, and currently with Christine Hennessy and Winthrop Corey.

Festival Ballet's co-director Winthrop Corey renews his brilliant technique as the Nutcracker Prince who, with masterful af-

struggle to make the right decisions in order to enjoy the rewards of becoming a real boy. This theme is meant to encourage young audiences to distinguish between right and wrong, one of the most crucial elements in the process of growing up. This is brought home with a marvelous combination of humor, heart-warming drama and spritely songs and dances.

Young audiences will meet all the original Collodi characters: Gepetto, The Fox, The Cat, The Blue Fairy, The Fireater, The Coachman and Candlewyck. Colorful costumes and designs create a lush, picture-book quality that transports children immediately into the magical land of make-believe.

This production of Pincoohio is sponsored at the Zeiterion Theatre by the Performing Arts Repertory Theatre of New York. President Christoph H. Schmidt addressed the earnings pressures generated on the bank by the higher interest rates paid to depositors. The increased interest expense, Schmidt said, makes it necessary for the bank to carefully consider the cost of each service it provides and to develop new sources of income. To illustrate his point, Schmidt graphically demonstrated the thrift industry's recent experience with narrowing and sometimes negative margins between interest paid to depositors and interest earned on loans and investments.

Vice President and Treasurer George Bunnell indicated that the bank's total assets which now stand at $153,480,000 have grown as a result of a 14% increase in deposits. This increase, Bunnell said, reflected consumers' response to the high interest rates paid on deposits.

George Graves, Vice President, Lending, commented that in the last year the bank has significantly increased its efforts in the lending area. Most particularly the bank seeks to invest its money in the community through lending products such as mortgage and equity loans, home improvement loans, automobile and student loans, Graves said.

Tobey Hospital

Mr. Charles S. Kinney, Administrator of Tobey Hospital, announced the appointment of Miss Laura Fleming, candidate for a Master Degree in Health Service Administration, as an Administrative Resident. Under the program, Mr. Kinney acts as preceptor and Dr. Kurt Darr of George Washington University as advisor.

Miss Fleming, a graduate of the University of North Carolina, and a native of Charlotte, North Carolina, expects to complete her requirement in 1984 and receive her degree from George Washington University at that time.

The program consists of four semesters of didactic work in administrative theory, followed by twelve months of practical work, known as the residency which she is completing at Tobey Hospital.

The residency goals are to develop a practical understanding of clinical and administrative factors and interrelationships of the internal organization of the hospital, gain experience and develop administrative responsibility under supervision, apply and test administrative theory in practical work situations and to develop a personal philosophy of management and executive functioning as a means of clarifying personal career goals.

Miss Fleming is looking forward to the completion of her residency and her future marriage to Calvin Jones of Falls Church, Virginia. She will be seeking a position in administration in an acute care facility. She has been well received by all at Tobey Hospital and as such is enjoying her residency here.
